Statement of Understanding

_____ I understand that the shelter environment often induces stress in animals. If the animal has behavior problems that I am not sure how to manage, I will contact Pet Savers for information and resources or seek professional assistance. I also understand that it may take 3-6 months for a pet to completely adapt to a new home & family.

_____ I understand the daily time commitment needed to properly care for this animal and am capable of providing such care.

_____ I understand that if I adopt a kitten or puppy that has not already been surgically sterilized, I must have the animal surgically sterilized ***before*** the animal reaches six months of age and ideally at 5 months of age or Pet Savers may reclaim my pet.

_____ I understand that this is a lifetime commitment of 10-20 years and I am responsible for annual, monthly and unforeseen veterinary care, including monthly heartworm preventative.

_____ I understand, should I not be able to provide for his or her care, that I will not surrender, sell or otherwise list my pet as available for re-homing to anyone, without first consulting and notifying Pet Savers.

By signing below, I acknowledge I have answered all questions truthfully and understand that Pet Savers has the right, in its sole discretion, not to approve this application. I hereby give Pet Savers permission to investigate all statement on this application.

_____
